

WE'RE SORRY!

Due to copyright reasons, we were not able to record this service.

The law requires we get permission to rebroadcast recorded or live performances of copyrighted works such as music and movies.

Unfortunately, obtaining these permissions is not only a very lengthy process, it is also extremely expensive.

Until we have staff capacity to seek these copyrights and a budget to afford them, we will be choosing to obey the law and not rebroadcast them.

Thanks for understanding!
